## FROM TIM

Welcome to family and friends of those getting baptised today, it is great that you are able to be part of this celebration, you are so welcome.

Those getting baptised are really deciding to go public today, saying Jesus is Lord, declaring that they have chosen to start a whole new journey for their life. It's not a journey about perfection or performance, but about listening to Jesus and doing what He says.

**The Big Idea:** *Baptism is going public in saying that Jesus is Lord of my life, and that changes everything.*

When you ask God for help, for healing, and for salvation, you claim a promise that He will never let you down. God stands by His promise to save you, change you, and stay with you.

God's promise applies, no matter who you are or what you've done. Saying yes to Jesus is accepting the salvation He freely gives. Being saved by Jesus means you've been rescued. No more trying to live up to someone's expectations, no more hiding in shame, no more attempts to fix your own life. God rescues you from all of that. Going public is about showing on the outside how God is changing you on the inside.

Every time God makes a difference in your life, it deserves a celebration, and today we will celebrate baptism. These guys are only getting started, the best is yet to come.

**Reflect:** What one area of your life you will allow Jesus to bring change? Jesus once asked the question "what is it you want" today He asks it again to us.
